

MONROEVILLE PUBLIC LIBRARY STRATEGIC PLAN

The library has identified and chosen four areas that will be the focal point for the next three years. The Director, along with the library employees, will work towards improving services with the four categories and work with community partners to widen access and share resources.

No. 01 – Create Young Readers: Early Literacy

- The library will establish early learning programs.
- The library will work with local entities to promote early literacy.

No. 02 – Satisfy Curiosity: Lifelong Learning

- The library will create and execute new programming to go along with what we already currently offer.
- The library will work to provide a wide range of materials within the collection for patron use.

No. 03 – Stimulate Imagination: Reading, Viewing, and Listening for Pleasure

- The library will work to weed the collection to make space for new materials.
- The library will purchase new materials for patrons that are popular.
- The library will create booklists for patron use to locate collection materials

No. 04 – Keeping Up with Kid Services

- The library will work to cultivate more programs for kids and teens.
- The library will work to build a better connection with the school and other local entities.
